Compose

简介

Compose项目是 Docker 官方的开源项目，负责实现对 Docker 容器集群的快速编排。

```yaml
#docker-compose.yml
version: '3.1'
services:
  mongo:
    image: mongo
    restart: always
    ports:
        - 27017:27017
  mongo-express:
    image: mongo-express
    restart: always
    ports:
      - 8000:8081
